Uses included in Category A:

- Business and office buildings, commercial buildings, manufacturing, or industrial buildings;
- Business and professional complexes;
- Churches, temples, and synagogues;
- Government buildings of all types;
- Hotels, motels, or motor lodges;
- Multiple-family dwellings containing more than 2 dwelling units or forming a part of a multiple-dwelling development of 2 or more buildings;
- Townhouses;
- Education or institutional buildings.

Updated October 20, 2016
Uses Requiring Site Plans

Site plans are required to assure good arrangement and appearance of new development; ensure harmony with existing structures; assure consistency with the City’s adopted building and site design standards, the Comprehensive Land Use Plan, and Chapter 357 Standard Specifications for Installation of Utility Construction Projects and Subdivision Pavement Design; to provide an understanding of the impacts of proposed development on public facilities and services and ensure the availability and adequacy of the same; and to otherwise meet the purposes of Chapter 440 of the City of Harrington Code.

Category A Site Plans

Site plans for the following major uses, including new construction, or the relocation of a building, not otherwise subject to separate procedures, shall be subject to review by the Planning Commission and shall be called “Category A site plans”:

1. Business and office buildings, commercial buildings, manufacturing, or industrial buildings;
2. Business and professional complexes;
3. Churches, temples, and synagogues;
4. Government buildings of all types;
5. Hotels, motels, or motor lodges;
6. Multiple-family dwellings containing more than two dwelling units or forming a part of a multiple-dwelling development of two or more buildings;
7. Townhouses;
8. Education or institutional buildings.

Category B Site Plans

Category B site plans require administrative review as provided for in §440-293, Category B/administrative plan review procedures, and include the following:

1. One-family detached dwellings, two-dwelling units, and rehabilitation projects;
2. Additions as deemed necessary by the City Manager;
3. Change of use:
   a. Changing the existing use to another permitted use in any zone will require an approval from the City of Harrington prior to any renovations or remodeling;
   b. Change of use site plans that do not require waivers and/or variances shall be submitted for review to the City Manager; all others must go through the Category A review process of §440-289, Category A site plan procedures;
   c. The City may establish additional requirements for the change of use review based on the increase in services and/or outside agency approvals.
4. Minor subdivisions of three lots or less and conversion of existing deeded lots to parcels;
5. Commercial additions under 5,000 square feet of gross floor area;
6. Additions in the Manufacturing and Industrial Park Manufacturing Zones under 10,000 square feet of gross floor area.

9. Planning Commission provides comments—DOES NOT approve or deny application
10. Applicant addresses Planning Commission comments
11. Applicant submits Plan to Office of State Planning Coordination Preliminary Land Use Service (PLUS), if applicable
12. Applicant provides City with formal comments from PLUS, if applicable

Updated October 20, 2016
§440-289A Category A Concept Plan Review Procedures

The purpose of the concept stage is to provide the Planning Commission with the opportunity to informally review a development proposal prior to the substantial commitment of time and expense on the part of the applicant in preparing a site plan.

(1) No application for Category A site plan approval shall be accepted by the City until:
   (a) A concept site plan package as provided for in §440-290, Contents of concept plan submittals, is submitted for review by the City Manager;
   (b) Any required concept plan review fees have been paid;
   (c) The steps for concept site plan review as established by the City Manager are completed.

(2) The City Manager shall review the concept site plan package for completeness and shall refer it to the appropriate individuals or agencies for review, comment, and/or approval prior to submitting it to the Planning Commission.

(3) The applicant for site plan approval shall attend a meeting with the City Manager prior to submitting the concept plan to the Planning Commission. Consistent with the purpose of site plan review as set forth in §440-287, Uses requiring site plans, the purpose of the meeting shall be to provide the City with an opportunity to address issues or concerns with the concept plan, identify any impact studies that may be required, and provide direction to the applicant on the scope of such studies.

(4) The Planning Commission shall hold one meeting on the concept plan to receive an informational briefing on the plan and the anticipated issues and impacts related thereto. The Planning Commission shall take no action to approve or disapprove a concept plan. Should the Planning Commission determine that the development project represented by the concept plan may have substantial impact on the physical, economic, or social environment, the Planning Commission may hold more than one meeting on the concept plan. Public comment shall be taken at the meeting.

(5) For all Category A site plans submitted for review, the City Manager shall submit to the applicant a list of all owners of property adjoining and immediately across the street from the subject property. The applicant shall submit written notice to all owners of property adjoining and immediately across the street from the subject property. Such written notice shall state the date, time, place, and subject matter of the meeting to discuss the concept site plan and the name of the applicant. Such notice shall be sent by first-class mail and postmarked not less than seven days before the day of the meeting.

(6) If applicable, each applicant shall address the Planning Commission’s comments during conceptual review and submit for Delaware Office of State Planning Coordination Preliminary Land Use Service (PLUS), if applicable.

(7) Prior to acceptance of a preliminary site plan for review, the applicant shall provide the City Manager with the formal comments from the Delaware Office of State Planning Coordination Preliminary Land Use Service (PLUS), if applicable.
A. Project concept plan: scaled drawing showing proposed development, project layout, proposed and existing land uses, open spaces, circulation routes and points of access, and main design features.
   - 24” x 36” plan
   - scale no less than 1” = 100’
   - vicinity map at scale no less than 1” = 1,000’ including neighborhood streets
   - master plan, if phasing is proposed
   - adjacent streets and property owners
   - typical architectural elevations

B. Project area schematic: scaled drawing/GIS aerial photo showing main project features.
   - 24” x 36” plan
   - scale no less than 1” = 400’ (large projects) or 1” = 200’ (small projects)
   - existing properties and streets within 1,000’ of the project
   - water and sanitary sewer within 400’ of the project
   - location of proposed stormwater discharge

C. Site investigation report.
   (1) Site data summary chart (provide breakdown for each phase or land use as appropriate):
      - Tax Map and parcel number
      - zoning classification and proposed zoning
      - allowable density and proposed density

§440-289B Category A Preliminary Plan Review Procedures

The purpose of the preliminary stage is to provide the Planning Commission with the information necessary for it to take action to approve or disapprove a site plan. The Planning Commission shall review and take action to approve or deny all Category A site plans.

1. Preliminary site plans meeting the submittal requirements of §440-291, Contents of preliminary site plan, shall be submitted to the City Manager, who shall review the plans for compliance with these regulations and the requirements for preliminary site plans and shall transmit said plans to the Planning Commission with his or her comments for review.

2. The Planning Commission shall examine the proposed development with respect to the traffic and circulation patterns and safety (internal and external), utilities, drainage, community facilities (existing or proposed), surrounding development (existing or future), the preservation of trees and historic sites, protection of natural environmental features and processes, provision for open space, streetlighting, recreational needs, safety of residents and neighbors, landscaping, architecture, compatibility with Chapter 357 Standard Specifications for Utility Construction Projects and Subdivision Pavement Design, and, in general, with the objective of ensuring a durable, harmonious and appropriate use of the land.

3. The Planning Commission shall take action to approve, approve with conditions, disapprove, or table pending further investigation and/or receipt of certain additional information, but shall take no action until the following have occurred:
   
   a. The City Manager has reviewed the site plan and determined that it is complete and submitted his/her findings in writing to the Planning Commission;
   
   b. The applicant has submitted any impact studies that may be required by §440-295, Impact studies, and has obtained City approval of such required studies;
   
   c. Comments on the site plan from appropriate agencies and individuals have been requested and sufficient time has been provided for such agencies and individuals to provide comments.
   
   d. The applicant has paid all appropriate preliminary site plan review and application fees to the City.

4. No public hearing shall be required but may be called at the option of the Planning Commission.

Uses Requiring Site Plans

Site plans are required to assure good arrangement and appearance of new development; ensure harmony with existing structures; assure consistency with the City’s adopted building and site design standards, the Comprehensive Land Use Plan, and Chapter 357 Standard Specifications for Installation of Utility Construction Projects and Subdivision Pavement Design; to provide an understanding of the impacts of proposed development on public facilities and services and ensure the availability and adequacy of the same; and to otherwise meet the purposes of Chapter 440 of the City of Harrington Code.

Category A Site Plans

Site plans for the following major uses, including new construction, or the relocation of a building, not otherwise subject to separate procedures, shall be subject to review by the Planning Commission and shall be called “Category A site plans“:

1. Business and office buildings, commercial buildings, manufacturing, or industrial buildings;
2. Business and professional complexes;
3. Churches, temples, and synagogues;
4. Government buildings of all types;
5. Hotels, motels, or motor lodges;
6. Multiple-family dwellings containing more than two dwelling units or forming a part of a multiple-dwelling development of two or more buildings;
7. Townhouses;
8. Education or institutional buildings.

Category B Site Plans

Category B site plans require administrative review as provided for in §440-293, Category B/administrative plan review procedures, and include the following:

1. One-family detached dwellings, two-dwelling units, and rehabilitation projects;
2. Additions as deemed necessary by the City Manager;
3. Change of use:
   (a) Changing the existing use to another permitted use in any zone will require an approval from the City of Harrington prior to any renovations or remodeling;
   (b) Change of use site plans that do not require waivers and/or variances shall be submitted for review to the City Manager; all others must go through the Category A review process of §440-289, Category A site plan procedures;
   (c) The City may establish additional requirements for the change of use review based on the increase in services and/or outside agency approvals.
4. Minor subdivisions of three lots or less and conversion of existing deeded lots to parcels;
5. Commercial additions under 5,000 square feet of gross floor area;
6. Additions in the Manufacturing and Industrial Park Manufacturing Zones under 10,000 square feet of gross floor area.

Forward Application to City Planner via mailbox or email

City Planner reviews Category A Final Plan Application for compliance with Regulations and conditions of Planning Commission approval

Regulations & Conditions MET

City Planner notifies City Manager that all review and approvals have been completed

City Manager signs Site Plan to indicate completion of review and approval

Regulations & Conditions NOT MET

Applicant and City execute Public Works Agreement, if required

Return plans to Planning Commission for further review

 Applicant must submit Category A Final Plan Site Plan Review Checklist, as well as all local, county, state, and/or federal approvals as may be required
§440-289C Category A Final Plan Review Procedures

The purpose of the final stage is to ensure that all submittal requirements of final site plans as set forth in §440-289 are specifically and accurately addressed, to ensure that all conditions of the Planning Commission’s recommendations and City Council’s approval are specifically and accurately met and to finalize any and all necessary formal agreements related to the project, which may include public works agreements and easement agreements, among others.

(1) Final site plan approval shall be granted prior to the commencement of any development activity.

(2) Final site plans shall be submitted to the City Manager, who shall review the plans for compliance with these regulations and the conditions, if any, of Planning Commission approval. If specified conditions or stipulations are met in revised plans, the City Manager shall approve issuance of zoning compliance certificates in accord with the revision without returning the plans for further Planning Commission review.

(3) When all review and approvals have been completed and documentation of such approvals provided to the City Manager, he/she shall sign the site plan to indicate completion of review and approval by the City and to certify that conditions, if any, of site plan approval have been met. The applicant shall submit all local, county, state, and/or federal approvals as may be required. No permit shall be issued until this approval has been given.

(4) When a public works agreement is required, the City Manager may not certify final approval of a site plan until that public works agreement has been executed by the applicant and the City.

§440-289 D

The City Manager shall assure that the project is completed in conformance with the approved site plan before issuing a certificate of occupancy.

§440-289 E

Before the City issues a certificate of occupancy, either all the work must be completed or, in the City’s discretion, all remaining work must be bonded.

**Page 2 of 2**
Uses included in Category B:

- One-family detached dwellings, two-dwelling units, and rehabilitation projects;
- Additions as deemed necessary by the City Manager;
- Change of Use:
  - Changing the existing use to another permitted use in any zone will require an approval from the City prior to any renovations or remodeling;
  - Change of use site plans that do not require waivers and/or variances shall be submitted for review to the City Manager; all others must go through the Category A review process;
- Minor subdivisions of 3 lots or less and conversion of existing deeded lots to parcels;
- Commercial additions under 5,000 square feet of gross floor area;
- Additions in the Manufacturing and Industrial Park Manufacturing Zones under 10,000 square feet of gross floor area.
Uses Requiring Site Plans

Site plans are required to assure good arrangement and appearance of new development; ensure harmony with existing structures; assure consistency with the City’s adopted building and site design standards, the Comprehensive Land Use Plan, and Chapter 357 Standard Specifications for Installation of Utility Construction Projects and Subdivision Pavement Design; to provide an understanding of the impacts of proposed development on public facilities and services and ensure the availability and adequacy of the same; and to otherwise meet the purposes of Chapter 440 of the City of Harrington Code.

Category A Site Plans

Site plans for the following major uses, including new construction, or the relocation of a building, not otherwise subject to separate procedures, shall be subject to review by the Planning Commission and shall be called “Category A site plans“:

1) Business and office buildings, commercial buildings, manufacturing, or industrial buildings;
2) Business and professional complexes;
3) Churches, temples, and synagogues;
4) Government buildings of all types;
5) Hotels, motels, or motor lodges;
6) Multiple-family dwellings containing more than two dwelling units or forming a part of a multiple-dwelling development of two or more buildings;
7) Townhouses;
8) Education or institutional buildings.

Category B Site Plans

Category B site plans require administrative review as provided for in §440-293, Category B/administrative plan review procedures, and include the following:

1) One-family detached dwellings, two-dwelling units, and rehabilitation projects;
2) Additions as deemed necessary by the City Manager;
3) Change of use:
   (a) Changing the existing use to another permitted use in any zone will require an approval from the City of Harrington prior to any renovations or remodeling;
   (b) Change of use site plans that do not require waivers and/or variances shall be submitted for review to the City Manager; all others must go through the Category A review process of §440-289, Category A site plan procedures;
   (c) The City may establish additional requirements for the change of use review based on the increase in services and/or outside agency approvals.
4) Minor subdivisions of three lots or less and conversion of existing deeded lots to parcels;
5) Commercial additions under 5,000 square feet of gross floor area;
6) Additions in the Manufacturing and Industrial Park Manufacturing Zones under 10,000 square feet of gross floor area.

Category B/ Administrative Plan—Review Process

Applicant fills out Permit Application & pays fees → Clerk staff processes Application → Forward Application to City Planner via mailbox or email → City Planner reviews Category B/ Administrative Plan Application 3 options (Approve, Hold, Deny)

Approve Application → Forward to Clerk Staff → Notify Applicant of eligibility to apply for Zoning Compliance Certificate → Applicant pick up → Closeout Application

Hold—Missing Information Notification → Notify Applicant of missing info → Hold Application until received; Proceed to review application → Applicant pick up and sign VOID on original or turn in missing info → If voided, file in property file; if adding missing info, forward for review

Deny Application—Notification → Compose denial letter or discuss via phone → Applicant pick up and sign VOID on original or turn in missing info → If voided, file in property file; if adding missing info, forward for review

Applicant must submit Administrative Plan/Category B Site Plan Checklist
§440-293 Category B/Administrative Plan Review Procedures

Administrative plan review is for projects with relatively minor impact, which require less information than for Category A site plans and can be reviewed and approved in a shorter time. In administrative plan review, the City Manager is the approving authority. Administrative plan review is required for Category B site plans as determined in §440-287, Uses requiring site plans.

A. No application for administrative plan approval shall be accepted by the City until:

(1) A plan in compliance with §440-294, Contents of plans for Category B/administrative review, is submitted for review by the City Manager.

(2) Any required review fees have been paid. See Chapter 180, Municipal Fees.

B. Plans requiring administrative review shall be submitted to the City Manager who shall review the plans for compliance with these regulations. If the City Manager finds that such plans meet the intent of this chapter and are consistent with the Comprehensive Land Use Plan, then the City Manager shall affix his/her signature on the plan(s) certifying approval. If the City Manager finds that the plan does not meet the intent of this chapter and/or is not consistent with the Comprehensive Land Use Plan, then the City Manager shall deny approval and transmit that decision in writing to the applicant.

C. The City Manager shall not take action to approve or deny a plan requiring administrative review until the following have occurred:

(1) He/She has reviewed the plan and determined that it is complete as provided in §440-294, Contents of plans for Category B/administrative review.

(2) The applicant has submitted any impact studies that may be required by §440-295, Impact studies, and has obtained City approval of such required studies.

(3) Comments on the plan from appropriate agencies and individuals have been requested and sufficient time has been provided for such agencies and individuals to provide comments.

(4) The applicant has submitted all local, county, state, and/or federal approvals as may be required.

D. The City Manager shall act to approve or disapprove and shall promptly transmit his/her decision in writing to the applicant.

E. Any person aggrieved by an administrative plan review decision and desiring to appeal such decision must appeal to the Board of Adjustment.

NOTE: If Applicant has received Category B/ Administrative Plan Approval, he/she will only need to submit Building Plans for ZCC approval.

For number of copies and other submittal information, please contact Dave Naples at david.naples@rve.com or (410) 920-5009.
§440-298 Zoning Compliance Certificates Required

The following conditions shall apply when issuing a zoning compliance certificate:

A. A zoning compliance certificate shall be required for:

   (A) The erection, construction, alteration, movement, conversion, extension, or enlargement of any building or structure; or

   (B) The adjustment of any lot line.

All actions shall conform to the provisions of this Chapter. The zoning compliance certificate shall be obtained from the City Manager.

B. The City Manager, at his/her discretion, may issue an emergency permit not in conformity with the provisions of this chapter when:

   (1) A building has been made uninhabitable by fire, wind, flood, or impact by motor vehicle or airplane, or similar natural or man-made disaster.

   (2) A written statement by the applicant and a personal inspection have been filed certifying the dwelling to be uninhabitable due to fire, wind, flood, impact, or similar natural or man-made disaster.

C. No zoning compliance certificate shall be issued for construction or alteration of any building(s) on a lot without frontage upon a public street improved to the satisfaction of the Planning Commission, or without access to public sewer and water services.

D. Any filing fee shall accompany each application for a zoning compliance certificate in such amount as required by Chapter 180, Municipal Fees. All applications will be billed for professional services above and beyond the applicable fee, if these services are needed to complete the application. The application must comply with §292-1, Denial of permits or approvals for failure to comply with required payments, actions, or filings.

E. A zoning compliance certificate issued in accordance with the provisions of this chapter shall become void 90 days after the date of its issuance, if no application for a building permit has been made.

§440-300 Drawings to Accompany Applications for Zoning Compliance Certificates

All applications for zoning compliance certificates shall be accompanied by a drawing or plat in duplicate or as required by the City Manager showing, with dimensions, the lot lines, the building or buildings, the location of buildings on the lot, and such other information as may be necessary to provide for the enforcement of these regulations, including, if necessary, a boundary survey and a staking of the lot by a competent surveyor and complete construction plans. The drawings shall contain suitable notations indicating the proposed use of all land and buildings. A careful record of the original copy of such applications and plats shall be kept in City Hall, and a duplicate copy shall be kept at the building at all times during construction.

§440-301 Procedure for Zoning Compliance Certificate

A. The application and all supporting documentation shall be made in triplicate to the City. The City shall return one copy of all documents to the applicant. Any applicable forms must be legible and completed in their entirety.

B. A site inspection shall be required prior to the issuance of any certificate. Said site inspection will be made by the City Manager. If existing violations are found during the site inspection, said violations must be correct prior to the issuance of the zoning compliance certificate.

C. Except as otherwise specified in this chapter, the City Manager shall, within a reasonable time after the filing of a complete and properly prepared application, either issue or deny a zoning compliance certificate. If a zoning compliance certificate is denied, the City Manager shall state in writing the reasons for such denial.

D. A record of all permits and certificates shall be kept on file in an office of the City, and a copy of such permits and/or certificates shall be furnished upon request to any person having a proprietary tenancy interest in the building or premises affected.
